Health and Safety Plan for BLC

Following CDC guidelines

The following is to help families understand the precautions being taken and implemented for onsite services in accordance with Gov. Wolf's regulations and having an open channel of communication between BLC and our community.

- Masks – All are required to wear a mask, unless there is a medical condition which prevents you from wearing one.
- Students will also be spread out as much as possible.
- There will not be shared objects without sanitizing said item first. All personal belongings will be kept separate.
- Following a schedule for increased, routine cleaning and disinfection.
- Handwashing/sanitizing, and wiping of touch points will be mainstays throughout each day.
- Temperature taken at the start of each session and a strict stay home policy when ill.
- All tutors are being trained on the health and safety protocols as outlined by the CDC.

As new statements and regulations come out over time from the CDC and the PA Dept. of Health know that we will be implementing all necessary measures and strive to be in full compliance with all health and safety measures.

Sincerely,

Gina DiGiacomo
